Sons of Malarkey is great band from Oregon. They have a foot in Irish Trad and a foot in Celtic Rock and are the perfect mix of the two. Their smooth vocals and fantastic music captures you from the first note. They have just released their first album and it's one you'll want to have in your collection.

There is a nice variety of songs on the album, both instrumentals and vocals; traditional and original songs. Two of my all time favorites are here ~

Farewell to Nova Scotia and *Rare Old Mountain Dew*. *Great Calm* and *Gone Gone Gone (Fall from Grace Again)* are now two of my new favorites. This is an amazingly good "first album". Sons of Malarkey is a band you will be hearing a lot more about. If you're in the Pacific Northwest keep an eye out for them. They would be a great band to see live. In the meantime, get the album. (Scroll down for a link to purchase.) You'll love it.
